## EMPLOYMENT

---

### **Senior Product Designer at Beyond** › *November 2015 – Present*

Google – Designed a new logo for brands and products for Google.

WeWork – Working within the mobile product team, I helped define features to creating genuine connections and building stronger communities.

Ithaca College – Lead the creation of a flexible design system for a complex educational organization.

Built a community and collaborative learning platform allowing students around the world to work together vto solve some of the world's toughest challenges.

### **Senior Digital Designer at Sullivan** › *September 2013 – November 2015*

Lead the design of all digital projects keeping a sharp eye for web standards and usability. I design responsive websites, iOS apps and develop live HTML/CSS prototypes to help communicate ideas both internally and externally. I work closely with developers to solve visual, technical and UX problems.

### **Designer at MassMarket** › *July 2011 – August 2013*

Created style frames and motion tests. Implemented animated design solutions focusing on brand identity and worked on detailed matte paintings.

### **Motion Design Intern at Digital Kitchen** › *Summer of 2009*

Assisted with design and animation of advertisements for the Seattle International Film Festival, Ferrari and HBO. Digital Kitchen is a leading digital agency known for their stunning motion design and title sequences.
